

### To CAURS volunteers:

Thank you again for participating in the 3<sup>rd</sup> annual Chicago Area Undergraduate Research Symposium! This year's event promises to be an exciting and informative one with extremely impressive research projects, distinguished guests, and faculty judges.

Here is the information you need to know:

### Schedule updates:

Our schedule can be found on page 3. We advise you to grab a bite to eat before your arrival but will be serving a light breakfast around 10:00 a.m. We would extremely appreciate if volunteers could arrive as early as 8:30 a.m. to help us set up, but no later than 9:30 a.m. If you have any problems, please call Terrance Lee at (630) 615-8884 or Frank Aguilar at (773)-852-7319.

You are free to go anytime during the event, but please let one of the CAURS directors know. The current weather forecast as of April 7 reports a 40% chance of rain so please do not forget to bring an umbrella! You will be traveling outside between buildings for poster and oral presentations.

- **This event requires business professional attire for student participants. However, volunteers will be given a special CAURS polo shirt upon arrival to wear during the event (which you are free to keep afterwards).
